

# FAQs section for Scholarar App

## I. General Information

### 1. What is Scholarar?

Scholarar is an innovative mobile app designed to help students find scholarships that match their academic qualifications and preferences. It provides personalized scholarship recommendations based on user profiles, including academic records, future goals, and country of residence.

### 2. How does Scholarar personalize scholarship recommendations?

Scholarar uses your input—such as academic background, intended field of study, and location preferences—to match you with the best scholarship opportunities. The app applies filters to present scholarships that align with your academic profile and career aspirations, saving you time and effort.

### 3. How do I create a profile on Scholarar?

Upon downloading the app, you'll be prompted to create an account using your email or social media credentials. You can then complete your profile by entering details such as academic qualifications, the degrees you are seeking, and other preferences that will help the app generate the best scholarship matches.

## II. Scholarship Matching and Search Features

### 4. How does Scholarar match students with scholarships?

Scholarar generates personalized scholarship recommendations based on your academic background, career goals, and preferences like destination country and degree level. You can also use filters to further refine the results.

### 5. What kind of scholarships can I find on Scholarar?

The app includes a wide variety of scholarships, including High School, graduate, and PhD opportunities. Scholarships are available for different fields of study, nationalities, and specific demographics like international students looking to study abroad.

### 6. How do I search for specific scholarships?

You can search for scholarships by using filters such as destination country, field of

study, and academic level (undergraduate, master, PhD). Scholarar provides an easy-to-navigate interface that allows you to quickly refine your search and find scholarships that fit your criteria.

### **III. Profile and Data Management**

#### **7. How do I update my academic profile in the app?**

If your academic information changes, such as completing a degree or changing fields of study, you can update your profile through the app's settings. This ensures that you receive accurate scholarship recommendations based on your current academic status.

#### **8. Is my personal data safe with Scholarar?**

Scholarar takes user privacy seriously. The app collects certain data, such as contact information and usage data, but this information is protected under its privacy policy. Users can review how their data is handled in the app's privacy settings.

### **IV. Saving and Sharing Scholarships**

#### **9. How can I save scholarships I am interested in?**

Scholarar allows users to bookmark or save scholarships for future reference. Once you find a scholarship that interests you, you can mark it as a favorite and access it later from your saved list.

#### **10. Can I share scholarships with friends or family?**

Yes, Scholarar provides options to share scholarship opportunities with others via social media, email, or messaging apps. This feature allows you to inform friends or family members about scholarships they may be interested in.

### **V. Notifications and Updates**

#### **11. Can I be notified of new scholarships?**

Scholarar may not have a built-in notification system for new scholarships yet, but

users are encouraged to check the app regularly. Future updates may include notifications to help users stay updated.

#### **12. Can I get notifications for scholarship deadlines?**

Scholarar offers notifications for scholarship deadlines as part of its premium plan. While the basic version of the app encourages users to check regularly for deadlines, premium users can benefit from automatic alerts for upcoming deadlines on saved or matched scholarships.

## **VI. Scholarship Types and Funding**

#### **13. What types of scholarships does Scholarar offer?**

Scholarar provides access to a variety of scholarships, including:

- **Fully-Funded Scholarships:** These scholarships cover at least two important related to your education, including tuition fees, and living expenses, but not limited to travel costs, health insurance, and sometimes additional allowances like research funding or book grants.
- **Partially-Funded Scholarships:** These scholarships cover part of the expenses, such as tuition fees or accommodation. The student is typically responsible for covering any remaining costs, such as living expenses.

#### **14. Can high school students use Scholarar to find scholarships?**

Yes, Scholarar is designed to help students at all academic levels, including high school students preparing for undergraduate programs. High school students can find scholarships that match their qualifications and aspirations.

## **VII. Feedback and Support**

#### **15. How does Scholarar handle user feedback?**

Scholarar's development team actively reviews user feedback to improve the app. Users are encouraged to leave reviews and comments through the app stores or contact support directly to suggest new features or report issues.
